Subject: bills to be heard
Thank you Debbie.

I support SB 1210

***AN ACT CONCERNING THE USE OF DEADLY PHYSICAL FORCE TO
DEFEND THE RESIDENTS OF A HOME***

This letter refers to the legislation SB 1094 for the State of Connecticut (The
Constitution State)

I oppose SB 1094

I am shocked that such a bill has been entertained as I cannot see any positive
purpose for such a piece of legislation, only negative ones.

The time spent on this subject is taking away from other more critical issues at hand
for the State of Connecticut.

By pursuing this bill, you are incurring more debt for the state, and if passed, you will
have placed an expense on citizens that could be exponential in its effects.

- 1) Use of state funds for commitees, meetings etc..
- 2) The use of valuable police resources.
- 3) Cost of disposal.
- 4) The rendering of potentially tens of thousands of law abiding citizens as "Felons."
- 5) Incurring a cost twice (thrice - below) to many of the state's citizens. Tax dollars and replacement of seized property.
- 6) Potential cost incurred by businesses producing/selling firearms in the state - including jobs and further tax revenues.

I have never seen criminals follow any law, including, but not limited to illegal
possession of a firearm, and now possibly possession of a high capacity magazine.
